## ASSEMBLY:

1. Fold and adhere spine (J); see back of packaging for tips. Wet glue is recommended

2. Trim folded spine to fit (see markings on die)

3. Prepare front cover as shown.  
\*TIP: Adhere patterned paper oval to wrong side of die (album will be assembled wrong sides together)

4. Adhere first page (cover) to outside edge of folded spine; line up scored edge carefully. Then, adhere second die WRONG SIDES TOGETHER to first die cut on other side of folded spine edge (this will enclose edge of spine between two dies)  
5. Repeat steps #3 and #4 for BACK cover of album

6. Prepare page 2 as shown

7. When adding page 2, first adhere solid page to one side of spine tab, then add oatmeal die cut (finished page will have spine tab between 2 die cuts)  
8. Repeat steps #6 and #7 for page 5 of album

9. Prepare page 3 as shown  
10. Repeat step #9 for page 4, except substitute sentiment oval (H) in place of heart

11. Continue to adhere pages until album is full, always adhering 2 dies wrong sides together with a spine tab between each die/set of dies

12. Fold edges of Decorative Spine and adhere to cream panel with folded edges wrapped around panel and adhered flat; adhere to outside edge of spine by carefully gluing in place, let dry  
13. Embellish album with die cut flowers (visit us at [spellbindersblog.com/project-kits](http://spellbindersblog.com/project-kits) for a video tutorial) or your choice of finished floral accents; add pearls and ribbon to front and back cover (see photo)
